# TIMELESS DESIGN

*An elegant array of residential furniture*

In 1973, Fred and Hope Councill founded Councill in Denton, North Carolina, with the belief that the inherent beauty of fine furniture lives forever. We maintain our dedication to the art and craft of fine American furniture making.

Today, Councill is made to order by skilled and passionate craftsmen and craftswomen. We are proud of our selection of unique and beautiful veneers, bench assembly, meticulously tailored upholstery, and hand finishing techniques.

Fusing timeless design and time honored tradition, Councill presents you with a comprehensive offering of luxury executive and office furnishings.
