# CASUAL LUXURY

*The finest fabric selection in the industry*

Marge Carson has never wavered from its commitment to delighting its customers: Ours is a decidedly elegant yet casual look, one with generously proportioned silhouettes upholstered with the finest, most luxurious

textiles and showcasing intricate, sculpted, designs that are as exquisite as they are functionally distinguished.

- Design as a holistic approach - it should not only look good from all sides, but it should feel good as well.
- Phenomenal designs; smart and classy marriages of custom fabrics, finishes and trims; relentless attention to even the smallest detail.
